# SPIRIT BRIGHT AS

## Technical Data Sheet

### Product Description

A highly concentrated formula, **Spirit Bright As** very effective organic stain remover for internal and external use.

### Features & Benefits

- Removes unsightly mould and mildew
- Cleans up bird droppings
- Removes tannin stains (leeching timber) and leaf staining
- Does **NOT** contain acids
- The perfect Spring cleaner for outdoor entertainment areas

### Where to use

- On natural stones such as travertine, marble, limestone, granite, bluestone, sandstone.
- Terracotta, terrazzo, concrete and clay pavers.
- Ceramic and porcelain tiles and grout joints.

### Available Sizes

1L, 4L, 20L Drums

**CLEANER & SEALERS FOR THE TILING INDUSTRY**

# CLEANING WITH BRIGHT AS

**Before commencing cleaning, it is a requirement to test first before use.**

## Surface preparation

1. Sweep or vacuum the area to be cleaned to remove any loose debris.
2. Protect carpet and household items if using indoors. If possible, remove or protect outdoor furniture to prevent contact with the cleaner.
3. If using on porous surfaces, pre-wet the area to allow the cleaner to stand on the surface.

## Testing instructions

Test first in an inconspicuous area to ensure competence and satisfaction. Follow the how to use guide below.

**Note:** The testing phase is extremely important as it allows you to determine if you are satisfied with the results, while also allowing you to familiarize yourself with how the product works.

## How to use

1. For light to medium cleaning, dilute **Spirit Bright As** in a clean bucket at 4 parts clean water to 1 part **Spirit Bright As.** For heavy duty cleaning, dilute **Spirit Bright As** at 1part clean water to 1 part **Spirit Bright As.**
2. Allow at least 15 minutes for the active ingredients to take effect.
3. Pre-wet the area and agitate with a nylon scouring pad (a **Spirit Doodlebug** is ideal.) It is recommended to use a firm bristled nylon or natural brush to get into the grout joints. Do not let the solution dry, add more if it starts to dry out.
4. Remove the dirty water with a dense mop, or if available, the best method is to use a wet vac.
5. Allow the area to dry completely to see the results. If you have removed the majority of the stain, you can repeat the process to see if you totally remove it. If there is no difference, you may need to use another type of cleaner to get the job done, in that case, contact Spirit Sealers for advice before trying anything else.
6. Rinse the treated area thoroughly with **Amber Clean** at a dilution rate of 10 parts clean water to 1 part **Amber Clean** to neutralise any residual cleaner, and allow the area to dry completely before sealing is done.

## Precautions

1. **DO NOT** mix **Spirit Bright As** with boiling water, or any other chemicals, especially ammonia-based products as harmful fumes may result.
2. All surrounding areas that are not intended to be cleaned must be protected from contact with the cleaner.
3. Appropriate gloves and goggles must be worn during application.
4. Wash hands with soap and water after use to remove any residue that may be on the skin.
5. In the event of an unwanted spill, wipe up immediately with a clean cloth and rinse with water.

**Coverage** Depends on the porosity of the surface, temperature and method of application.
1 litre of **Spirit Bright As** will clean approximately 20-50m2.
Clean up tools after application with water.
