SPIRIT REJUVENATE

Technical Data Sheet

Product Description

An environmentally friendly cleaner with a built-in water based penetrating sealer. Designed to be used as a regular cleaner for all natural stone surfaces. Available in a spray pack for benchtops and a 4ltr bottle for maintaining larger floors.

Features & Benefits

- Environmentally friendly
- Cleaner and sealer in one
- Great for maintenance of stone benchtops in kitchens and bathrooms
- No need to rinse, just wipe off with a clean cloth
- Pleasant apple fragrance

Where to use

- Porous natural stone kitchen benchtops, and bathroom vanity tops
- Food preparation areas
- As a regular cleaner on main floors or wall that have previously been sealed

Available sizes

500ML spray bottle, 4L Drum

CLEANER & SEALERS FOR THE TILING INDUSTRY

CLEANING WITH REJUVENATE

Before commencing cleaning, it is a requirement to test first before use.

Surface preparation

Use a clean white rag to remove any loose debris.

Testing instructions

Test first in an inconspicuous area to ensure competence and satisfaction. Follow the how to use guide below.

Note: The testing phase is extremely important as it allows you to determine if you are satisfied with the results, while also allowing you to familiarize yourself with how the product works.

How to use

1. Spray a liberal amount of **Spirit Rejuvenate** onto the area to be cleaned and allow it to stand for 3-5 minutes to let the sealer penetrate and for the surface-active ingredients to take effect.
2. Wipe with a clean white absorbent cloth to remove the excess cleaner and sealer.
3. For cleaning larger areas, apply a liberal amount directly to the floor and after 3-5 minutes, scrub with a soft white nylon scouring pad. Remove excess cleaner and sealer with a dense mop or a microfibre applicator.
4. Spirit Rejuvenate is also available in a 4L bottle for cleaning of larger porous areas like highly-honed or polished natural stone floors, as well as polished concrete.

Precautions

1. If using **Spirit Rejuvenate** to clean non-porous surfaces such as laminate or resin surfaces, be sure to wipe the surface completely dry to avoid excess sealer residue.

Coverage Depends on the porosity of the surface, temperature and method of application.
1 x 500ML bottle of **Spirit Rejuvenate** is capable of cleaning approximately 20m2.

Clean up tools after application with water.
